Table & Blade Angles

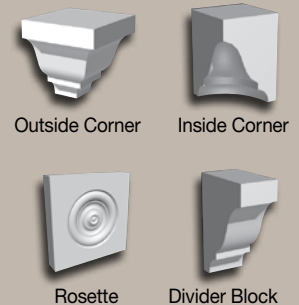

For recommended table and blade angles for mitering 90° corners, please visit www.fypon.com.

Remember to Order Adhesive

A urethane-based adhesive **must** be used on all joint surfaces. See page 190 to order Loctite® PL Premium® Adhesive.*

Moulding Accessories

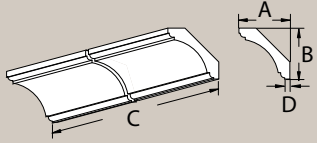

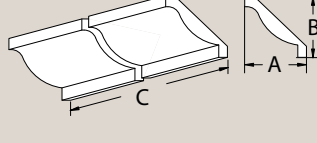

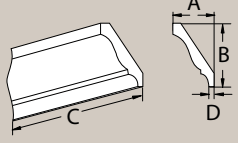

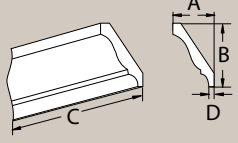

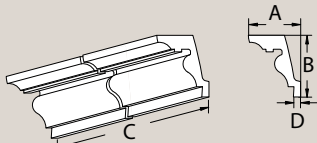

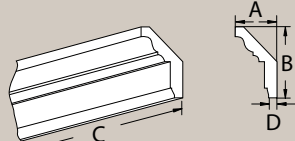

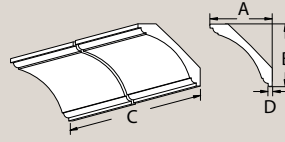

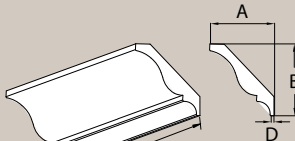

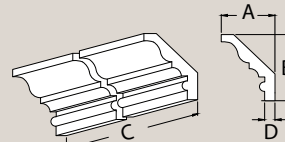

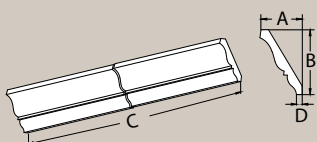

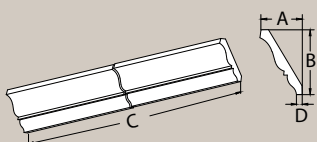

The accessories shown here are available to help make moulding installations quick and easy. Inside and outside corners eliminate the hassle of figuring complex miter cuts. Divider blocks and rosettes can be used between moulding lengths to eliminate the need for patching to create smooth seams. All moulding accessories are unattached and must be ordered separately. Refer to page 92 for miterless moulding accessories.
